Yes. Need to send a quick heads up through Mike to Mike Flynn on this action. So they know you are ready to move forward. Holly or Anita can work with you on this. We will only need a few sentences. We'll connect in the morning if they haven't already done so with Doug and Co. Thanks, P.G.

Hi Peter – hope you are doing well! I'm interested in a quick check in with you on your discussion with Mike on the Dewey Burdock proposed uranium ISR project. Please let me know if you received any feedback on additional information needed or briefings that may be needed on this project. I'm in all week and would be happy to have a call if that works better for you.

Thanks!

Darcy
